

ALDIO BAGASKARA

WRITER & FILM DIRECTOR

PERSONAL PROFILE

Born in Jakarta, June 19, 1997, I became interested in audio-visual when I was a child. Decided go to multimedia school in Vocational High School. Joined the film community & made short film debut as an assistant writer **PHOBIA** in 2014.

I also create a film community at university, and produce film and video content. Several films won awards such as Official Selection at the 2018 SCTV Indonesia Short Film Festival for the film **BUNGA** and Viddsee Audience Choice Award 2021 for the film **HARI SUDAH PETANG**.

For me, films are not just ordinary audio-visual works. More than that, film is a communication message that involves **ideas, feelings and experiences** that are packaged in the most complete aesthetics of art so as to make **anyone who sees it can feel it**.
